KODIAK COMMERCIAL HERRING FOOD AND BAIT FISHERY UPDATE #01

The Alaska Department of Fish and Game is requesting quotes (bids) to generate revenue by allowing the harvest of food and bait herring in the Kodiak Area. The department is looking to generate $30,000 for future commercial herring management. The department is seeking 4 lots, each worth $7,500. The quote(s) must be based on tons of herring. The successful contractor will be the party that quotes the lowest amount of herring in tons. The highest quote the department will accept for a single $7,500 lot is 50 tons of herring. Bids may be made on additional lots through additional RFQs.

Test fishing will be allowed from October 27 through November 30.

Verbal or written bids must be submitted by **4:00 p.m. Monday, October 26**, and will be immediately awarded to the lowest bidder. Fish and Game reserves the right to reject any or all quotes. In the case of equal low bids, the bid submitted first will be the winning bid. Contractors will fish only during times and in areas determined by the department in cooperation with the successful bidder.

If you are interested in finding out how to bid, please contact:
