ADF&G is allowing permit holders to conduct the commercial sac roe herring B season under the following guidelines:

1) The Kodiak Area sac roe B season will occur from July 1 through October 25.
2) The sac roe B season GHL will be based on 35% of the remaining sac roe A season GHL minus 1,000 tons reserved for the sac roe C season.
3) Only certain sections of a district will open for the sac roe B season (see table below).
4) Districts and combined sections will open and close by emergency order.
5) The sac roe herring B season fishery will only take place within state waters.
6) All herring permit holders and buyers participating are required to register with the ADF&G Kodiak office.
7) All sac roe herring B season fishermen are required to report their catch with the ADF&G Kodiak office immediately upon landing any commercial herring. Failure to do so will result in adjacent area closures.
